FINANCE AND CONTRACTS COMMITTEE

STRATEGIC PLANNING
The Finance and Contracts committee met via conference call to discuss administrative and program strategies for the future of the Fund. With the growth of this new Fund, it is important to have guidelines in place to better control rising costs. The minutes of this meeting lists the plan that is being recommended by the Committee and will be included in the Risk Management plan to be adopted in September. Minutes were included in Appendix II.

Executive Director said there were 17 action items discussed some were internal policies that will become part of the risk management plan. He said he feels Chair Collins wants the fund professionals to pay attention and provide more analysis on certain items. Chair Collins thanked the committee members for being so involved.

RFQ RESPONSES – TPA AND WELLNESS COACH
As per the direction of the Board, the Fund released an RFQ for an additional Medical TPA and an onsite Wellness Coaching provider. One response for each was received – Horizon and Wellness Coaches USA. Horizon’s fee is similar to that of AmeriHealth and Aetna and Wellness Coaches stayed flat to their 2015 contract. The Committee reviewed and will include their approval in the contracts resolution in September.

Ms. Koval said Mr. Ciampa is present to discuss the proposed OMNIA offer. Mr. Ciampa introduced Ms. Brown, Ms. Witherspoon and Ms. Dellavalle. In response to Mr. Grand, Mr. Ciampa said the
plan being offered is the standard 2 tiered OMNIA. In response to Mr. Finn, Executive Director said the rates will be set by the fund with input from Horizon.

**SNJ HIF 2015 INDEPENDENT AUDIT**  
The SNJ HIF audit is complete and is in the process of being approved by that Fund’s executive committee. Electronic copies of that audit will be supplied to all School HIF members.

As a result of the completion of the audit, we have closed the 2014 fund year and transferred the surplus to the closed year account. In August, we will request of the SNJ executive committee a resolution transferring balances owed by former School and Coastal members to the new HIFs. The allocation of the closed amount is as follows:

<table>
<thead>
<tr>
<th></th>
<th>Close out 2014</th>
</tr>
</thead>
<tbody>
<tr>
<td>COASTAL</td>
<td>807,760.25</td>
</tr>
<tr>
<td>SHIF</td>
<td>1,718,348.18</td>
</tr>
<tr>
<td>SNJHIF</td>
<td>426,367.96</td>
</tr>
<tr>
<td></td>
<td><strong>2,952,476.38</strong></td>
</tr>
</tbody>
</table>

We will follow the same process for the 2015 fund year once that is closed, roughly one year from now.

Executive Director said the surplus for 2015 is roughly 7 million of which SHIF owns about 63%.

**WELLNESS & CLAIMS COMMITTEE**

The following items have been reviewed by the Wellness & Claims Committee. Minutes were included in Appendix III.

- Wellness and Claims Committee
  - Christopher Lessard, Chair
  - David Pawlowski
  - Michael Colling

**WELLNESS GRANT APPLICATIONS**

As per the direction of the Board at the previous meeting, the Fund released the Wellness Grant Applications to the membership. 22 applications were received and reviewed by the Program Manager’s team and the Wellness Committee. A summary of responses and requested grant money for each member was included in Resolution 24 -16, which is being recommended by the Committee. The resolution includes a requirement that all members that received grant money during the 2015-2016 budget should submit a summary of their program including where the money was spent, participation levels and details of the program that worked/didn’t work. 2016-2017 money will not be released until this report has been received.
Ms. Koval said the wellness coordinators are present today if there are any questions. In response to Mr. Finn, Ms. Koval said any unused funds from 2015-2016 can be submitted for reimbursement until 12/31/16, then it will be transferred into the surplus.

ACA UPDATE
PCORI Fee Due to the IRS August 1
The Patient-Centered Outcomes Research Institute (PCORI) fee for plan years ending on and after January 1, 2015 and on and before December 31, 2015 must be remitted to the IRS by August 1, 2016.
Typically, the fee is due by July 31st of the year following the last day of a plan year. However, the fee due in 2016 must be paid by Monday, August 1, 2016 since July 31st falls on a weekend this year.

Background
The ACA created the Patient-Centered Outcomes Research Institute to help patients, clinicians, payers and the public make more informed health decisions by advancing comparative effectiveness research. The Institute’s research is funded, in part, through PCORI fees paid by insurers of “specified health insurance policies” and plan sponsors of self-insured health plans. Plan sponsors of self-insured health plans are required to pay the PCORI fee for certain health coverage arrangements. Plan sponsors of fully-insured health plans are not responsible for paying the PCORI fee (the obligation rests with the insurer). For a list of insurance coverage or arrangements subject to the PCORI fee, please see the IRS chart Application of the Patient-Centered Outcomes Research Trust Fund Fee to Common Types of Health Coverage or Arrangements.

The PCORI fee applies to policy or plan years ending on or after October 1, 2012 and before October 1, 2019.

PCORI fees are paid directly by the fund on behalf of all member entities.

ACA Returns May Continue to Be Filed After the Deadline

The Internal Revenue Service (IRS) has announced that certain information returns required under the Affordable Care Act (ACA) may continue to be filed after June 30, 2016.

For applicable large employers (ALEs), self-insured employers, or other health coverage providers, the deadline to electronically file ACA information returns with the IRS was midnight ET on June 30, 2016. The ACA Information Returns (AIR) system will remain up and running after the deadline. Filers are advised that if they are not able to submit all required ACA information returns by June 30, 2016, they should file the returns after the deadline. It is important to note the following:

- The AIR system will continue to accept information returns filed after June 30, 2016.
- Filers can still complete required system testing after June 30, 2016.
- If any transmissions or submissions were rejected by the AIR system, filers have 60 days from the date of rejection to submit a replacement and have the rejected submission treated as timely filed.
- If filers submitted and received “Accepted with Errors” messages, they may continue to submit corrections after June 30, 2016.

The IRS is aware that some filers are still in the process of completing their 2015 tax year filings. As is the case for other information returns, penalties may be associated with the submission of the ACA information returns for failure to timely file required returns. As the IRS has publicly stated in various forums in recent months, filers of Forms 1094-B, 1095-B, 1094-C and 1095-C that miss the June 30, 2016 due date will not generally be assessed late filing penalties if the reporting entity has made legitimate efforts to register with the AIR system and to file its information returns, and it continues to make such efforts and completes the process as soon as possible. In addition, consistent with existing information reporting rules, filers that are assessed penalties may still meet the criteria for a reasonable cause waiver from the penalties.
For non-electronic filers who missed the May 31, 2016 paper filing deadline for ACA information returns, filers are directed to complete the filing of the paper returns as soon as possible.

Employers are advised to consult with their tax, HRIS/payroll, and legal advisors for assistance with specific issues/complexities regarding form preparation and related reporting rules.
