## **INDEPENDENT AUDITORS' REPORT**

## **INDEPENDENT AUDITORS' REPORT**

To the Administrative Committee of  
Central Jersey Health Insurance Fund

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Central Jersey Health Insurance Fund (the "Fund"), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which comprise the Fund's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements prescribed by the State of New Jersey, Departments of Community Affairs ("DCA") and Banking and Insurance ("DOBI"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### **Basis for Qualified Opinion**

As permitted by the DCA and DOBI, audit procedures were not extended to the underlying actuarial assumptions for Incurred But Not Reported ("IBNR") reserve amounts, as these assumptions are prepared by the Fund's actuary.

## **INDEPENDENT AUDITORS' REPORT**

### **Qualified Opinion**

In our opinion, the financial statements referred to above, except for the effects of any potential adjustments pertaining to the unaudited IBNR reserve balance as described in the Basis for Qualified Opinion paragraph, present fairly, in all material respects, the financial position of the Fund as of December 31, 2020, and the changes in financial position and cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Comparative Financial Information*

The financial statements of the Fund as of and for the year ended December 31, 2019, were audited by other auditors whose report dated May 15, 2020, expressed an unmodified opinion on those financial statements.

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, claims development information, and reconciliation of claims liabilities, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that comprise the Fund's basic financial statements. The accompanying other supplementary information, as listed in the table of contents, is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The other supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2021, on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

*Mercedien, P.C.*

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
(UNAUDITED)**

## **CENTRAL JERSEY HEALTH INSURANCE FUND**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

---

This section of the annual financial report of the Fund presents a discussion and analysis of the financial performance of the Fund for the years ended December 31, 2020 and 2019. Please read it in conjunction with the basic financial statements that follow this section.

#### **Overview of Basic Financial Statements**

The Fund's basic financial statements are prepared on the basis of accounting principles generally accepted in the United States of America for governmental entities and insurance enterprises where applicable. The primary purpose of the Fund is to provide medical and other health coverage for municipalities and board of educations that are members of the Fund. The Fund maintains separate enterprise funds by incurred years and line of coverage. The basic financial statements are presented on an accrual basis of accounting. The three basic financial statements presented are as follows:

**Statements of Net Position** – This statement presents information reflecting the Fund's assets, liabilities and net position. Net position represents the amount of total assets less total liabilities.

**Statements of Revenue, Expenses, and Changes in Net Position** – This statement reflects the Fund's operating revenues and expenses, as well as non-operating items during the reporting period. The change in net position for an enterprise fund is similar to net profit or loss for any other insurance company.

**Statements of Cash Flows** – The statement of cash flows is presented on the direct method of reporting, which reflects cash flows from operating and investing activities. Cash collections and payments are reflected in this statement to arrive at the net increase or decrease in cash for the fiscal year.

#### **Financial Highlights**

The following tables summarize the financial position and results of operations for the Fund as of and for the years ended December 31, 2020, 2019 and 2018:

## **CENTRAL JERSEY HEALTH INSURANCE FUND**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

---

Total assets decreased by 5.85% and net position decreased by 10.41%. This was mainly due to dividends paid of \$9,904,463, offset by operating income of \$6,764,805.

The Investment in Joint Venture asset represents the value of the Fund's share of the Municipal Reinsurance Health Insurance Fund ("MRHIF") of which it is a member. Its share decreased in accordance with a decrease in the net position for that entity. The MRHIF paid a dividend to the member HIFs and the Fund's share of the dividend was \$902,665. The Fund declared a dividend of \$5,500,000 in 2020.

Claims expense increased by 13.65%, which is in line with the Fund's actuarial projection. During the year, general and administrative operating costs increased by 10.17% mainly due to the increase in claims expense.

#### **Economic Conditions**

The Fund continues to be affected by inflation of health benefit costs. Its strategy is to continue to attempt to moderate such increases by leveraging purchasing power with other Funds, using a medical network with a strong regional presence, considering supplementing the existing network, and assisting members with plan design and labor negotiation efforts.

#### **Contacting the Fund's Management**

This financial report is designed to provide the Central Jersey Health Insurance Fund members, Department of Banking and Insurance, and the Division of Local Government Services, Department of Community Affairs, State of New Jersey with a general overview of the Fund's finances and to demonstrate the Fund's accountability for the public funds it receives. If you have any questions about this report or need additional financial information, contact the Executive Director of the Central Jersey Health Insurance Fund office located at 9 Campus Drive, Suite 216, Parsippany, New Jersey 07054 or by phone at (201) 881-7632.

## **NOTES TO FINANCIAL STATEMENTS**

# CENTRAL JERSEY HEALTH INSURANCE FUND

## NOTES TO FINANCIAL STATEMENTS

---

### A. ORGANIZATION AND DESCRIPTION OF THE FUND

The Fund was created in February 1992 in accordance with P.L. 1983, C. 372, entitled "An act concerning joint insurance funds for local units of governments, and supplementing Chapter 10 of Title 40A of the New Jersey statutes." The Fund is a self-administered group of municipalities established for the purpose of providing self-funded employee benefits for the member municipalities. The following coverages are offered by the Fund to its members at the choice of the individual member unit:

- a) Medical
- b) Dental
- c) Vision
- c) Prescription

The Fund consists of a 34-membership group as of December 31, 2020. Each municipality assigns a commissioner to the Fund. An executive committee is elected consisting of 7 commissioners and 2 alternates. The commissioners elect the officers: a chairperson and a secretary for 1-year terms.

A participating municipality may be terminated by a majority vote of the Fund Commissioners or a two-thirds vote of the Executive Committee for nonpayment of assessments or continued noncompliance after written notice to comply with the bylaws or other obligations. Termination may occur only after proper notice has been given, in accordance with the Fund's bylaws. A participating member may withdraw before the end of its membership by giving proper notices and following required procedures at least ninety (90) days before the date of withdrawal.

The Executive Director/Administrator is responsible for the overall administration of the Fund. Fees paid to the Executive Director/Administrator encompass all administrative duties, which are performed at the Executive Director/Administrator's office. Accordingly, the Fund does not maintain any fixed assets or incur any employee payroll expense.

### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Fund have been prepared in accordance with accounting principles generally accepted in the United States of America applicable to enterprise funds of State and Local Governments on a going concern basis. The focus of enterprise funds is the measurement of economic resources, that is, the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

#### **Basis of Presentation**

The financial statements of the Fund have been prepared in accordance with accounting principles generally accepted in the United States of America applicable to enterprise funds of state and local governments on a going concern basis. The focus of enterprise funds is the measurement of economic resources, that is, the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

# CENTRAL JERSEY HEALTH INSURANCE FUND

## NOTES TO FINANCIAL STATEMENTS

---

### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Basis of Accounting (Continued)**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Proprietary funds are accounted for using the accrual basis of accounting. Assessments are recognized as revenue at the time of assessment.

Revenues - Exchange and Non-Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Assessments are recognized as revenue at the time of assessment.

Expenses - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

#### **Cash and Cash Equivalents**

Cash and cash equivalents includes amounts on deposit, money market accounts, and short-term investments with original maturities of 90 days or less.

Deposits were with contracted depository banks in interest-bearing accounts that were insured under the New Jersey Governmental Unit Deposit Protection Act ("GUDPA"). All such deposits are held in the Fund's name.

GUDPA permits the deposit of public funds in the State of New Jersey Cash Management Fund or in institutions located in New Jersey that are insured by the Federal Deposit Insurance Corporation ("FDIC") or by any other agencies of the United States that insure deposits. GUDPA requires public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

Each depository participating in the GUDPA system must pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million. The minimum 5% pledge applies to institutions that are categorized as "well capitalized" by federal banking standards. The percentage of the required pledge will increase for institutions that are less than "well capitalized."

No collateral is required for amounts covered by the FDIC. The collateral which may be pledged to support these deposits includes obligations of state and federal governments, insured securities and other collateral approved by the Department of Banking and Insurance ("DOBI"). When the capital position of the depository deteriorates or the depository takes an unusually large amount of public deposits, the DOBI requires additional collateral to be pledged.

If a governmental depository fails and the FDIC or National Credit Union Share Insurance Fund does not insure or pay out the full amount of public deposits, the collateral pledged to protect these funds would first be liquidated and paid out. If this amount is insufficient, other institutions holding public funds would be assessed pro rata up to 4% of their uninsured public funds. Although these protections do not constitute a 100% guarantee of the safety of all funds, no governmental unit under GUDPA has ever lost protected deposits.

# CENTRAL JERSEY HEALTH INSURANCE FUND

## NOTES TO FINANCIAL STATEMENTS

---

### **B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### **Cash and Cash Equivalents (Continued)**

Additionally, the Fund has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the GUDPA. In lieu of designating a depository, the cash management plan may provide that the local unit make deposits with the State of New Jersey Cash Management Fund.

#### **Assessments and Assessments Receivable**

The assessments of the participating members are billed monthly based on a pro rata share of Fund expenses and claims. The assessments are determined and certified by the actuary and approved by a majority vote of the Fund Commissioners.

#### **Unpaid Claims Liabilities**

The Fund establishes claims liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverage such as general liability. Claims liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are reflected in reserves and cumulative expenses in the periods being reported upon as described and the actual experience as it emerges, including the impact of future changes in claim severity and frequency and other factors. Adjustments to claims liabilities are charged or credited to operations in the periods in which they are made.

#### **Reinsurance**

The Fund uses reinsurance agreements to reduce its exposure to large losses on certain types of insured events. Reinsurance permits recovery of a portion of losses from reinsurers, although it does not discharge the primary liability of the Fund as direct insurer of the risks reinsured.

#### **Net Position**

In accordance with the provisions of the GASB Statement No. 34, *"Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments"*, the Fund has classified its net position as unrestricted. This component of net position consists of net positions that do not meet the definition of "restricted" or "net investment in capital assets" and includes net position that may be allocated for specific purposes by the Board.

# CENTRAL JERSEY HEALTH INSURANCE FUND

## NOTES TO FINANCIAL STATEMENTS

---

### **B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### **Component Unit**

GASB Statement No. 14, *The Financial Reporting Entity*, and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, provide guidance that all entities associated with a primary government are potential component units, and should be evaluated for inclusion in the financial reporting entity. A primary government is financially accountable not only for the organizations that make up its legal entity, but also for legally separate organizations that meet the criteria established by GASB Statements No. 14 and No. 39.

In addition, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, provides additional guidance for organizations that do not meet the financial accountability criteria for inclusion as component units but that nevertheless should be included because the primary government's management determines that it would be misleading to exclude them. In addition, GASB Statement No. 61 clarifies the manner in which component units are presented, whether discretely presented, blended, or included in the fiduciary fund financial statements.

As of December 31, 2020, it has been determined by the Fund that no component unit exists. In addition, the Fund is not includable in any other reporting entity on the basis of such criteria.

#### **Fair Value Measurement**

The Fund categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement. Assets and liabilities valued at fair value are categorized based on the inputs to the valuation techniques as follows:

Level I – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access. Fair values for these instruments are estimated using pricing models or quoted prices of securities with similar characteristics.

Level II – Inputs that include quoted market prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's assumptions, as there is little, if any, related market activity. Fair values for these instruments are estimated using appraised values.

## NOTES TO FINANCIAL STATEMENTS

---

### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Fair Value Measurement (Continued)**

Subsequent to initial recognition, the Fund may remeasure the carrying value of assets and liabilities measured on a nonrecurring basis to fair value. Adjustments to fair value usually result when certain assets are impaired. Such assets are written down from their carrying amounts to their fair value.

The following methods and assumptions were used by the Fund in estimating the fair value of its financial instruments:

*Government Backed Securities* – Valued at the net asset value of the security held by the Fund at year end.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table in Note D sets forth by level, within the fair value hierarchy, the Fund's assets at fair value as of December 31, 2020.

#### **Reclassifications**

Certain amounts in the 2019 financial statements have been reclassified to conform to the 2020 presentations. Such reclassifications have no effect on the previously reported change in net position.

### C. CASH AND CASH EQUIVALENTS

The Fund is governed by the deposit and investment limitations of New Jersey state law.

#### **Deposits**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the Fund's deposits may not be returned. Although the Fund does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of the GUDPA. GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local governmental agencies. The program is administered by the Commissioner of the DOBI. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Fund in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or funds that may pass to the Fund relative to the happening of a future condition. Such funds are shown as uninsured and uncollateralized in the schedule below.

# CENTRAL JERSEY HEALTH INSURANCE FUND

## NOTES TO FINANCIAL STATEMENTS

### C. CASH AND CASH EQUIVALENTS (CONTINUED)

#### Deposits (Continued)

As of December 31, 2020 and 2019, respectively, the Fund's bank balance of \$18,889,168 and \$12,484,117 was insured or collateralized as follows:

	2020	2019
Insured under FDIC	\$ 250,000	\$ 500,000
Insured under GUDPA	14,983,895	8,348,253
NJ Cash Management Fund	3,655,273	3,635,864
	<u>\$ 18,889,168</u>	<u>\$ 12,484,117</u>

### D. INVESTMENTS

The Fund's fair value and hierarchy levels of its investments at December 31, 2020 and 2019, were as follows:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Government Backed Securities (Fixed Income)	\$ 1,501,170	\$ -	\$ -	\$ 1,501,170
Total investments at fair value	<u>\$ 1,501,170</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,501,170</u>

  

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Government Backed Securities (Fixed Income)	\$ 8,911,582	\$ -	\$ -	\$ 8,911,582
Total investments at fair value	<u>\$ 8,911,582</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,911,582</u>

Custodial credit risk related to investments - This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Fund will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Fund has no investment policy to limit exposure to custodial credit risk.

Interest rate risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Fund does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk - Credit risk is the risk that an issuer to an investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure.

## CENTRAL JERSEY HEALTH INSURANCE FUND

### NOTES TO FINANCIAL STATEMENTS

---

#### E. REINSURANCE RECEIVABLE

The Fund also maintains contracts for excess insurance, covering losses in excess of an amount established between the Fund and the insurers up to the limits of coverage set forth in the contracts on a specific occurrence, per accident or annual aggregate basis. The estimated reinsurance receivables on the unpaid claims are:

December 31, 2020			
	Fund Year 2020	Fund Year 2019	Closed Fund Year Total
Specific	<u>\$ 1,748,171</u>	<u>\$ -</u>	<u>\$ -</u> <u>\$ 1,748,171</u>

  

December 31, 2019			
	Fund Year 2019	Fund Year 2018	Closed Fund Year Total
Specific	<u>\$ 448,256</u>	<u>\$ 5,896</u>	<u>\$ -</u> <u>\$ 454,152</u>

#### F. MEMBERSHIP IN JOINT HEALTH INSURANCE FUND

In 1999, the Fund became a member of the Municipal Reinsurance Health Insurance Fund (the "MRHIF"). The MRHIF is a risk-sharing public entity risk pool that is a self-administered group of joint health insurance funds established for the purpose of assuming and discharging the liabilities associated with loss reserves of participating members. The transfer of these loss reserves to the MRHIF results in the closing of those fund years and the un-encumbering of the retained earnings related to those closed fund years. Each member appoints an official to represent their respective joint health insurance fund for the purpose of creating a governing body from which officers for the MRHIF are elected.

As a member of the MRHIF, the members could be subject to supplemental assessments in the event of deficiencies. If the assets of the MRHIF were to be exhausted, members would become jointly and severally liable for the MRHIF's liabilities.

The MRHIF can declare and distribute dividends to members upon notification to the State of New Jersey DOBI. These distributions are divided among the members in the same ratio as their individual assessment related to the total assessment of the membership for that fund year. Dividends on this surplus have been declared and due to the fund in the amount of \$902,665 in 2020 and \$0 in 2019.

At December 31, 2020 and 2019, the MRHIF carried surplus balances of \$17,076,318 and \$15,416,797, respectively. The Fund's equity interest in the MRHIF equates to \$1,361,771 and \$1,757,724, respectively. This investment is being carried as an asset on the financial statements of the Fund.

# CENTRAL JERSEY HEALTH INSURANCE FUND

## NOTES TO FINANCIAL STATEMENTS

---

### **G. CLAIMS LIABILITIES - IBNR RESERVES**

In order to recognize unpaid claims liabilities, as discussed in the Summary of Significant Accounting Policies, a reserve is calculated and certified by the Fund's actuary, Actuarial Solutions, LLC.

A contingent liability exists with respect to reinsurance, which would become an actual liability in the event the reinsuring company might be unable to meet their obligations to the Fund under existing reinsurance agreements.

### **H. DIVIDEND DISTRIBUTION PLAN**

On September 9, 2020, the Fund's Executive Committee authorized a \$6,324,067 dividend from the Closed Fund Years for all members except Lakewood Township and a \$3,580,395 dividend from the Lakewood Closed Fund Years for Lakewood Township. The total dividend of \$9,904,463 was paid out in 2020 and included in the Fund's non-operating expenses.

### **I. IMPACT OF CORONAVIRUS PANDEMIC**

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus including restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Fund and its members operate.

Due to the impact of New Jersey Governor Murphy's Executive Order No. 107 dated March 21, 2020, mandating statewide stay-at-home practices and closure of all non-essential retail businesses, there has generally been a negative economic impact, however, the impact on the Fund's financial statements and operations was limited in 2020. It is reasonably possible revenues, collections on accounts receivables, and related cash flows may be adversely impacted going forward. It is unknown how long these conditions will last and what the complete financial affect will be to the Fund.

### **J. SUBSEQUENT EVENTS**

Central Jersey Health Insurance Fund has evaluated subsequent events occurring after December 31, 2020, through May 20, 2021, which is the date the financial statements were available to be issued. None were noted that require disclosure

**REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Administrative Committee of  
Central Jersey Health Insurance Fund

We have audited, in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the audit requirements as prescribed by the State of New Jersey, Departments of Community Affairs ("DCA") and Banking and Insurance ("DOBI"), the financial statements of the Central Jersey Health Insurance Fund (the "Fund"), as of and for the year ended December 31, 2020, and the related notes to financial statements, which comprise the Fund's basic financial statements, and have issued our report thereon dated May 20, 2021. The opinion on the Fund's financial statements was qualified as permitted by the Departments of Community Affairs and Banking Insurance, State of New Jersey, as audit procedures were not extended to the underlying actuarial assumptions for Incurred but not Reported ("IBNR") reserve amounts, as these assumptions are prepared by the Fund's actuary.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Fund's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS  
(CONTINUED)**

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
